Frederick and Lorena Belle (TAGGART) Leiner's home on Broadway, Sparta, Sparta Precinct, Randolph County, Illinois rebuilt after a fire. Posted by Bonnie Kathleen (BACH) Pratt

This home on 515 West Broadway, in Sparta, IL, was bought by Fredrick Leiner (#1) and Lorena Belle (**TAGGART**) Leiner, where Lacey Leonard and Frederick Thomas, my grandpa were born and raised. The house may have appeared differently then. It was rebuilt after a fire.

Lacey married Mona (**MANN**), on 28 Sept 1904, and moved to East St. Louis. They had 2 children; Margaret and Lacey.

After Fred (#1) died 5 October 1906, Lorena and her favorite son, young Fred (#2), my grandfather, continued to live here.

Fred (#2), age 22, married Hazelton "Hazel" Marye (**DILLARD**), 21, in Fort Scott, Kansas, on 6 June 1907 and brought her to his home in Illinois. In 1911 they moved to 3011 Forest Place, East Saint Louis Ward 8, Saint Clair County, Illinois, United States. He worked as a stockman at the National City Stockyards and eventually started his own business, the Leiner Commission Company.

Fred and Hazel had 2 children, Dillard & Doris, and maybe a miscarriage. Then Hazel's 4th pregnancy, which was Enid, began in December 1911.

CRADLE TO GRAVE (C2G) PROFILE

BY Bonnie Kathleen (BACH) Pratt F.H.C. and Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

In the fall of 1911, influenza & race riots in St Louis spread across the Mississippi River to Illinois, via the Eads Bridge, built in 1885. For the safety of the family, Fred and Hazel relocated back to Sparta until the danger subsided. During this time at Sparta, Enid was born.

A girlfriend of mine in East St Louis, Barbara (**WIERCISZEWSKI**), was the daughter of a policeman. Her dad described the terror, recounting memories of fellow officers, "black men were hanging from the bridge "and " it was not a safe time to be on the street". Also, a major flu epidemic hit the nation in 1911-1912; the flu was worst where there were concentrations of people, like in the cities and schools.

When Hazel was pregnant with 4th child Enid, grandmother Lorena took a voyage to England. She vowed to record in her journal every day. After the first day at sea, she became so seasick, that she remained in her quarters, and did not go on deck the rest of the voyage. A sweet Welsh girl named Enid took care of Lorena. Lorena asked her son to name the baby after this sweet girl. This is how my mom got her name.

Fred's mother Lorena Belle (**TAGGART**) was born 5th of 9 or more with 2 sets of twins. Because of the physical drain on her own mom, Ann Ellis (**HARMON**) Taggart, at about age 4, Lorena was given to her aunt to raise, with their 4 boys. She grew up a tomboy climbing trees and riding a horse with the boys. She had long auburn hair that she braided. It would come loose during the ride so that it flew in long tresses when she came riding home. When she grew old and could no longer care for her hair, it was cut short. I have her long auburn braid.

Lorena saw her own family suffer with too many children to care for. She did not want that for her son. She advised Fred to limit his family.

Before spring of 1917, the Fred Leiner family moved back to 3011 Forest Place in East St. Louis, where Lorene (**LEINER**) was born in March 1917, then Fred Corbin Leiner in 1925, then Gloria Jean-unnamed on her birth certificate, in 1928.

Fred and Hazel still lived at 3011 Forest Place when Enid married Robert "Bob" Louis Bach. Fred and Hazel moved to 112 Kenwood, Collinsville, Collinsville Township, Madison County, Illinois, United States in the mid 1940's.

Personal Recollections

Fred's parents lived in a white clapboard house on Broadway Street in Sparta, Illinois with their older son Leonard, when Fredric was born. He was Lorena Bell (**TAGGART**) Leiner's darling. He grew tall, muscular and strong with an Arian bearing.

Fredrick and Hazeltine moved into his mother's home in Sparta, Randolph Co, IL after they wed. They lived there or in East St Louis, back and forth due to race riots in St Louis early in their marriage. After Enid was born in Sparta, in 1912, they moved to 3011 Forest Place, in the Lansdowne district of East St Louis, St Clair County, IL, until about 1943.

Fred was highly successful as a self-employed livestock buyer for the Coddington & Leiner Livestock Commission Company, National City, Illinois. In 1943, they moved to 118 Kenwood Lane, Collinsville, Collinsville Township, Madison County, Illinois. Fred died in 1963 at age 79 of heart failure.

In a few years, Hazel became unable to care for the house or herself. Doris, the eldest and nearest daughter and caregiver, helped break down the household and placed Hazel in a senior care facility in Collinsville, where she resided until she died in 1973 at age 88 of arterial sclerosis - hardening of the arteries.

The family is buried together in St. John's Cemetery, Collinsville, Illinois. Grandmother and Pop, along with Robert "Bob" Louis Bach and Enid's ashes, and Dillard Taggart Leiner.

1887 Death of grandfather; Gerhard Frederick Leiner

Gerhard Frederick Leiner died in Sparta, Sparta Precinct, Randolph County, Illinois, United States on 17 January 1887.

Personal Recollections

Hazel, my grandmother, was a small woman. Mother said she had long brown hair; I always remember it white but I recall it long. She used to ask me to brush it when I was in my teen years and would go to her house once a month by bus to houseclean. She was the youngest and spoiled, allowed to sit on the back stoop to eat her oatmeal. Hazel's mom began bad headaches when Hazel was 12 or 13, and died when she was 14, after spending a year away from home & family.

Hazel met her beau at the 1904 St Louis World's Fair. Sister Mary worked at a dry goods store in St Louis with Fred Leiner's Aunt. They got them together, the kids corresponded and married. Fred was from Lutheran background and Hazel practiced Christian Science. Fred and Hazel got pregnant more often than they desired. Fred took her to the family doctor to have the pregnancies terminated by d & c. Hazel was greatly saddened to loose the babies. Bonnie Kathleen (**BACH**) Pratt

GENEALOGY ETIQUETTE

1. Do not give copies or reproduce the information you received from the compiler or author without written permission.
2. In your research efforts if you are able to advance the research, then reciprocate by sharing your research information with the compiler.
3. Use the information you receive as a starting point for your research of your families.
4. If you decide to use information you have received, in a book, document or research material, be sure to acknowledge the author or compiler of that material.
5. All inquiries by third parties for a copy of the material should be forwarded to the original compiler or author.
6. Do not loan or share your information, family heirlooms, special documents, one of a kind, pictures, or irreplaceable materials to non-professional researchers or family members. These types of materials seem to disappear or become damaged.
7. Make copies of important documents or materials when at libraries and be sure to write the name of the book, source, letter or film with the author's name and page number and year of publication.
8. Genealogy work that is not documented is of little value. Remember, you are leaving a trail for those who follow. If future researchers have to verify your work, then of what value is your work?
9. Collect family stories from those relatives who are still alive. This is a short cut to your past and they hold a world of knowledge about your family.
10. Do not try to finance all your research alone. Ask for financial assistance from interested family members.

Remember, the family history information that is so easily exchanged today by computer was acquired over years and years of on-site research. While many were engaged in raising families, working for income, and surviving, genealogist researchers did these things **AND** spent their free time in pursuit of the truth about their ancestors. This pursuit required great sacrifice of time, effort and money. Many researchers went to the actual locations to view the marriage, deed, death and birth records including visiting the cemeteries across the United States and foreign countries. This is why it is important to follow the above guidelines; by doing so, you give respect to their work and honor to their memory. Thank You.

Floyd Thomas Pratt, F.H.C., M.A.G.I.

4000 20th Street West Apt 113, Bradenton, FL 34205 941-209-1701

A Little Something About Your Author.....

Floyd Thomas Pratt F.H.C., M.A.G.I.

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created  **Pratt Publications**.

He began to offer to the public, a series of books titled, **Pratt Progenitor Papers**. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the ***Genealogical Institute*** to further the education of serious researchers.

A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation of the Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt's ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task. Outside of Washington, Saint John's Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.

A Little Something About Your Author.....

After careful consideration, Mr. Pratt chose the website www.openlibrary.org. "Open Library" is a repository of millions of digital books available to the public for free.

There are two or more ways to access Mr. Pratt's publications.

Pratt Progenitor Papers Series This series is comprised of the famous Pratt Progenitor Papers. Starting with a known ancestor, this collection covers 2 or more generations of descendants. Each volume follows a particular individual and his descendants including children, grandchildren and spouses if known. Each of these volumes include legal and detailed information about a particular ancestor...many contain Cradle to Grave (C2G) Profiles. The order of reporting is as follows: 1st a Descendancy report on the primary, which is usually the husband; 2nd the primary or husband followed by all known wives, then 3rd the second generation comprising of all known children and their spouses, followed by additional subsequent generations of descendants. The **PPP** are light on speculation and assumptions, heavy on factual documentation offering research insights and suggestions.

ANCESTRAL FAMILY HISTORY OF... This book showcases a selected individual usually a living descendant, detailing their direct line ancestors as far as the research has been completed. This type of format is known as an enhanced pedigree chart. These books contain as many as 10 to 70 generations limited only by the number of ancestors of our primary individual. Whereas, pedigree charts list only the vitals on an individual, these books generate all known notes, articles, legal documents and if applicable, Cradle to Grave (C2G) Profiles on each and every direct line ancestor and their spouses.
